

Mid-Coast Chapter Members,

Sign-up to teach a class or lead a field trip at the Academy of Lifelong Learning, Victoria. Our chapter began providing classes and field trips in the fall of 2016 and we've developed quite a following. They LOVE Us!

YOU DON'T HAVE TO BE AN EXPERT, just share what you know, an experience, tell a story, lead a discussion, provide an experience. From Bugs to Birds, Nature Journaling to Native Gardening. Show a documentary, lead a book review, discuss a current issue or just open a conversation. The ideas are limitless!

Most classes and field trips are attended by 10—20 adults who's hobby it is to learn. They ask stimulating questions and are truly interested.

Join our "**TMN Tuesdays**", the second and fourth Tuesdays, 5:30—7:30 pm or select a different day & time.
