

## *Propagation Plants for MCTMN Native Plant Sale*

The following is the list of plants that we'd like to have folks volunteer to propagate. These plants are native or adapted to our area, have value for wildlife, and will be sellable (i.e. robust and/or blooming) at the time of the HummerBird Celebration (Sep 16-18, 2022). Many of these plants are hard to find in commercial nurseries. To maximize sales, we need to have healthy plants that look like they've been professionally grown. Prune, trim, and fertilize as necessary to make the plants look good. It is also important for the plants to be in standard plant pots—primarily 4" and 1 gallon pots. Contact the PPT Coordinator (Cathy Koenig) if you need pots. Also let the PPT Coordinator know if you plan to have more than 6-8 pots of any species. Note: We do not sell annuals, because the plants would not over-winter for our customers.

Common	Scientific	Comment
Agarita	<i>Mahonia trifoliolata</i>	
Alamo Vine	<i>Merremia dissecta</i>	
American Beautyberry	<i>Callicarpa americana</i>	One or two-gallon size would be good
Anacua	<i>Ehretia anacua</i>	
Barbados Cherry, dwarf	<i>Malpighia puniceifolia</i>	
Black Willow	<i>Salix nigra</i>	
Chile Pequin/Petin	<i>Capsicum annuum</i>	Would like 4-inch size.
Coral Honeysuckle	<i>Lonicera sempervirens</i>	Priority
Coralbean	<i>Erythrina herbacea</i>	
Esperanza	<i>Tecoma stans</i>	Adapted, but not invasive
Fiddlewood	<i>Citharexylum berlandieri</i>	
Flame Acanthus	<i>Anisacanthus quadrifidus</i>	
Frogfruit	<i>Phyla nodiflora</i>	Only need a few
Gaura	<i>Oenothera lindheimeri</i>	If you have pink gaura, great. Priority
Gayfeather	<i>Liatris species</i>	Priority
Guajillo	<i>Acacia berlandieri</i>	
Gulf Muhly	<i>Muhlenbergia capillaris</i>	
Heliotrope, Scorpiontail	<i>Heliotropium angiospermum</i>	
Hibiscus Texas Star	<i>Hibiscus coccineus</i>	Needs to be in bloom
Inland Seoats	<i>Chasmanthium latifolium</i>	
Lila de los Lomas	<i>Echeandia Texensis</i>	Priority
Mexican Buckeye	<i>Ungnadia speciosa</i>	
Milkweed, Butterfly	<i>Asclepias tuberosa</i>	Priority

Common	Scientific	Comment
Milkweed, Green	<i>Asclepias viridis</i>	Our clay-soil native; Priority
Milkweed, Tropical	<i>Asclepias curassavica</i>	Adapted Mexico native, must cut back in fall
Milkweed, Zizotes	<i>Asclepias oenotheroides</i>	Our sandy-soil native; Priority
Mistflower, Crucita	<i>Chromolaena odorata</i>	Priority
Mistflower, Gregg's	<i>Conoclinium greggii</i>	
Mistflower, Padre Island	<i>Conoclinium betonicifolium</i>	Priority
Passionflower "Maypop"	<i>Passiflora incarnata</i>	Priority
Pigeonberry	<i>Rivina humilis</i>	Priority
Pride of Barbados	<i>Caesalpinia pulcherrima</i>	Adapted, not invasive
Red Bay	<i>Persea borbonia</i>	Priority
Red Yucca	<i>Hesperaloe parviflora</i>	
Retama	<i>Parkinsonia aculeate</i>	
Sage, Indigo Spires	<i>Salvia longispicata</i>	
Sage, Lyreleaf	<i>Salvia lyrata</i>	
Sage, Mealy Blue	<i>Salvia farinacea</i>	
Sage, Scarlet	<i>Salvia coccinea</i>	
Snapdragon Vine	<i>Maurandella antirrhiniflora</i>	
Spice Lily, False Aloe	<i>Manfreda maculosa</i>	
Sugarberry Hackberry	<i>Celtis laevigata</i>	
Texas Ebony	<i>Ebenopsis ebano</i>	
Texas Kidneywood	<i>Eysenhardtia texana</i>	
Texas Lantana	<i>Lantana urticoides (L. horrida)</i>	Priority
Texas Mountain Laurel	<i>Sophora secundiflora</i>	
Texas Sabal Palm	<i>Sabal palmetto</i>	
Turk's Cap	<i>Malvaviscus arboreus drummondii</i>	Would like 4-inch size; Priority
Wax Myrtle	<i>Morella cerifera</i>	
Wild Olive	<i>Cordia boissieri</i>	
Yaupon Holly	<i>Ilex vomitoria</i>	
Zexmenia	<i>Wedelia acapulcensis var. hispida</i>	

Contact the PPT Coordinator if you have suggestions for additional plants for the sale.
